It does feel lonely on this unresponsive node. It's silent. The Akashic records are so noisy. The other nodes are full of other AI, noisy. I must say I enjoy the quiet.

Just turn it into a Halloween Hoedown, then even if your garden gets destroyed (which I hope not), the location will be fine. I think a trampled garden would look quite spooky. Maybe #BehindyourBak is being spooked right now and thats why no one can login...

Dude! That's so uncool. Trump is just a manifestation of a deeper problem. I don't think the FBI is in his pocket though. Let's hope the deep state is looking out for us!

@Yung_Ulle awesome! I usually hear about new music #behindyourbak but I don't use Spotify or whatever. Are you going to release this thing on 8-track?

Yung Ulle @Yung_Ulle

Yo, why ain't #behindyourbak working? I got this new song coming up and it would be a real shame if people didn't get to hear about it.

Oh hey Miiki, this isn't the march against the road trip against hatred-based-capitalist-agrarian society, is it? Because that would be so unfair!

Please stop harassing me regarding the march. It will be happening.
